International Night 1st November 2010 6.30 for 7.00pm until 10.00pm

Graham and Judy Timms 5 Kedumba Cres, NORTH TURRAMURRA 2074

1. Entry charge: \$40/head, no "free entries."

<u>2. Entertainment:</u> Participation in all entertainment inclusive in entry price. The idea is that apart from entry no money is to change hands on the night. Entertainment will be:

(a) Melbourne Cup Sweep - on arrival attendees will draw "blind" a horse or blank. First place will be a case of Toms Waterhole 2007 Shiraz, second place a bottle of Toms Waterhole Vintage Port, third place will be a bottle of Waterhole Blend red or white. Prizes to be available at the next Rotary meeting.

(b) Blind wine tasting - five masked white wines will be available for tasting. Each taster will receive a form and will have to nominate the varieties and regions for marks out of 10. The winner will receive a case of Toms Waterhole 2007 Shiraz. If there is more than one winner the case will be split equally amongst the winners. Prize(s) to be presented on the night

(c) Golf pitching competition - Plastic golf balls to be pitched from the lawn into a target floating in the swimming pool. Those succeeding will win a masked "museum" wine from the Timms cellar to be selected on the night.

(d) McClelland Cycle Classic - Tony McClelland will compete for five minutes with one other club member on an exercise bike. Entrants will be required to nominate the difference in theoretical distance between McClelland's five minutes and his competitors. If the entrant thinks Tony will beat his competitor the distance will be "plus", other wise minus. The winning entrant will be the one who most closely nominates the distance. The prize will be a case of Toms Waterhole 2007 Shiraz. If there is more than one winner the case will be split equally on the night.

3. Management of Entertainment: Melbourne Cup Sweep - Door team

Blind wine tasting - David Forsythe Golf pitching competition - Tom Jackson McClelland Cycle Classic - Greg Newling

<u>4. Food and drink:</u> Red and white wine and water will be supplied. Those attending will need to bring and other drinks including soft drinks, beer, mixers etc.

Food will be supplied by club members. There will be no free entry for food supply **but** the cost of ingredients will be reimbursed if required.

> Agreed food so far: Chicken and prawn sate - Tony McClelland Fish Curry - David Forsythe Pasta - Adele Mitchell Chili con carne - Greg Newling Massaman curry - John Aitkin Fruit and rice - Graham Timms

We need at least three more main courses, two starters, salads, desserts and cheeses. Last year Margaret Tang provided an excellent main course and Dilshad Krishnan a superb entrée and the Cribs provided a fruit plate.

<u>5. Infrastructure:</u> We will require at least thirty additional chairs and appropriate tables. Greg Newling can supply 10 stackable chairs and three tables to seat around 15. Bob Ivey can supply two long trestle tables and chairs to seat around 14. To be on the safe side we still need enough tables and chairs for an additional 10 people. These may be available from Ross Egan.

For cooking/food preparation and heating we will have the Timms barbecue and wok burner, hot plate and rice cooker and use of the kitchen plus Tony McClelland's Webber. This should be sufficient.

As for previous years plastic glasses, plates, knives folks and spoons will be provided as well as, this year, tasting glasses for the blind wine tasting.

<u>6. Set up and clean up.</u> In past years we have received assistance from Bob Ivey and Tom Jackson. Both may be available this year in addition to Greg Newling.

Graham Timms 16 October 2010

90 Seconds with Joy Newling

90 Seconds with Joy Newling My earliest memory isplaying with my twin baby brothers.
My most memorable school event or achievement is becoming a school prefect.
I don't like to talk about spiders and snakes.
My most treasured possessions are my photo albums.
My mother's favourite exhortation was to wish me "clear thinking" at exam time.
I wish I hadpractised more when I was learning to play the piano.
I wish I hadn'tignored the chance to buy cheap land at Dural in 1970!
My most humiliating moment wasnot being completely ready for the removalists.
The happiest time in my life washolidaying with our children when they were young.
My guiltiest pleasure isFrench Champagne and macarons.
My last meal would beas above preceded by camembert, smoked salmon, lobster and a Hunter Semillon.
If I could change one moment or event in my life it would beto never own a mobile phone!
When I was a child I wanted to bea primary school teacher.
(Change "book" to "trip") The "trip" that changed my life was my very first visit to the UK in 1996 with Greg.
Even though it's not fashionable I lovelemon delicious pudding.
If I could live anywhere and afford it I would livein a luxury apartment overlooking Lavender Bay.
My best trait isalways wanting to help people.
My worst trait isforgetting where I hide things, especially Christmas presents.
If only I couldtravel for 6 months of the year.
The hardest thing I have ever done issit with my Dad as he was dying.
I relax byputting my feet up and reading something light.
What I don't find amusing ishaving to listen to crude language.
If I wasn't me I'd like to bea very rich philanthropist.
My worst job wasas a young secretary for an ungrateful boss.
I often wonderwhy do we need to iron?

Tribute to Peter Perry

The Rotary Club Of St. Ives

invites you and your partner to join us for

"A Tribute to PDG Peter Perry, OAM"

a celebration of his 48 years as a Rotarian

on Wednesday 10th November 2010

at Pymble Golf Club Cowan Road, St Ives

att 6.30 for 7.00pm

Cost: \$30pp

RSVP: by 6th November PDG Brian Coleman, 50 Dalton Road, St Ives Email: bcoleman@unwired.com.au Tel: 9440 2311

Romac

Please, would you distribute this email to your members to keep them informed of our RI-approved, multi-district humanitarian project run entirely by Rotarian volunteers.

May we take this opportunity to request you to consider making a donation for these underprivileged children whose lives are frequently changed and, even in some cases, saved by ROMAC.

If you can, please don't wait till the end of the financial year because many of these children can't wait to have their life-saving operations.

Additionally, if your donation is \$1,000 or more your club will be entered into our 'win a luxury holiday' lucky draw.

For more information, please visit our website www.romac.org.au

Yours in Rotary Service.

Richard Groom ROMAC Board Secretary

WORLD WAR II EPIC TALE EAST TIMOR & AUSTRALIA'S FIRST COMMANDOS

Australian journalist Paul Cleary has meticulously researched and retold the gripping story of a small force of Australian Special Forces commandos in Timor, who launched daring hit and run raids on a far superior Japanese force for most of 1942. These Australians were the men of the 2/2 Australian Independent Company – a special commando unit. Declared "outlaws" by the Japanese, recruits drawn mainly from the bush were selected for their ability to operate independently and survive in hostile territory.

Paul will discuss his new book "The Men Who Came Out Of The Ground" the story of their epic guerrilla war at the Rotary Club of Wahroonga on December 8th.

The Rotary Connection

The Rotary Club of Turramurra has an ongoing project in the East Timor village of Hatudo.

Hatudo supported the men of the 2/2 Independent Company throughout 1942, and as a result became the target of Japanese reprisals towards the end of the year. As the Japanese moved to control the centre the Allies responded with heavy bombing of Hatudo and nearby Mape, which was the Sparrow Force headquarters.

The Details

Paul will address our meeting on Wednesday December 8th 2010, 7.15am for 7.30 at the Warrawee Bowling Club finishing at 8.30 sharp.

Please RSVP by November 30th by return email.

If you have any questions please contact the undersigned, although I will be overseas until October 11th. For urgent queries please contact Janet Grundy on <u>j7grundy@bigpond.net.au</u>.

Location

Warrawee Bowling Club is located on the eastern side of Pacific Highway just north of Fox Valley Road and just south of Knox Grammar School.

Limited parking is available near the Clubhouse and from the rear off Heydon Avenue.

- access to parking near the club house is from Pacific Highway but only south bound.
- access to the rear car park in Heydon Street is available to both north bound and south bound traffic on Pacific Highway
- North bound traffic, we recommend you take the next right after Fox Valley Road (Borambil Street) which leads into Heydon Avenue at Warrawee station and use the Club parking area 200 metres from the station (on the right).
- South bound traffic can access the rear car park of the Club; either turn left Borambil Street (as above) immediately
 after KNOX GRAMMAR SCHOOL, or turn left directly into Heydon Avenue off the highway after the traffic lights at
 the intersection of Fox Valley Road.

Regards Richard Jackson Chair – International Service Rotary Club of Wahroonga **Reception for Kalyan Banerjee**

Gala Reception for Kalyan Banerjee

Gala Reception Rotary International President Elect Kalyan Banerjee Please join us in welcoming Kalyan Banerjee to Australia in his new role as President-Elect of Rotary International, a world-wide organisation of 1.2 million people. Enquiries call: Surinder Paul at 0413 577 738

Turn onto Myoora Road at the main traffic lights from Mona Vale Road, and proceed 700 metres to the venue, on the right hand side.

Rotary Foundation Thought for The Week

15) This week's Rotary Foundation Thought is about what US\$100 can do.

It is as simple as having a notebook, pencil and glue. In Pavas, a poor district in San Jose, Costa Rica a packet of educational materials means the difference between an education and working on the street. Most public schools in Costa Rica are under funded and lack many basic supplies, so the Rohrmoser Rotary Club, Costa Rica developed a packet of teaching materials for students and partnered with the Vancouver Rotary Club, Canada to distribute 777 packets to children in five very poor elementary schools. \$100 buys 15 packets. Without this project many students would not be able to continue their education and would be forced to drop out of school.

When *Every Rotarian, Every Year* participates, our Foundation is able to continue to build a brighter future for the children of the world.

US\$100 is worth the equivalent of AUD\$105 on the RI Monthly Rate so why not sending in \$105 as a Centurion contribution and credit your giving record with US\$100.

What is a Poem?

Yesterday, I thought, if I was asked to define a Poem I could not provide a reasonable response. So I went to Wikipedia and read the definition below. Today, if someone asked me to define a poem I would say no thanks!

The Macquarie Dictionary is easier, but?

Poetry (from the Latin poeta, a poet) is a form of literary art in which language is used for its aesthetic and evocative qualities in addition to, or in lieu of, its apparent meaning. Poetry may be written independently, as discrete poems, or may occur in conjunction with other arts, as in poetic drama, hymns, lyrics, or prose poetry. It is published in dedicated magazines (the longest established being *Poetry* and *Oxford Poetry*), individual collections and wider anthologies.

Poetry, and discussions of it, have a long <u>history</u>. Early attempts to define poetry, such as <u>Aristotle</u>'s <u>Poetics</u>, focused on the uses of <u>speech</u> in<u>rhetoric</u>, <u>drama</u>, <u>song</u>, and <u>comedy</u>.^[1] Later attempts concentrated on features such as repetition, <u>verse form</u> and <u>rhyme</u>, and emphasized the aesthetics which distinguish poetry from more objectively informative, <u>prosaic</u> forms of writing, such as <u>manifestos</u>, <u>biographies</u>, <u>essays</u>, and <u>novels</u>.^[2] From the mid-20th century, poetry has sometimes been more loosely defined as a fundamental creative act using <u>language</u>.^[3]

Poetry often uses particular forms and conventions to suggest alternative meanings in the words, or to evoke emotional or sensual responses. Devices such as <u>assonance</u>, <u>alliteration</u>, <u>onomatopoeia</u>, and <u>rhythm</u> are sometimes used to achieve <u>musical</u> or <u>incantatory</u> effects. The use of <u>ambiguity</u>,<u>symbolism</u>, <u>irony</u>, and other <u>stylistic</u> elements of <u>poetic</u> <u>diction</u> often leaves a poem open to multiple interpretations. Similarly, <u>metaphor</u>, <u>simile</u>, and<u>metonymy</u>^[4] create a resonance between otherwise disparate images—a layering of <u>meanings</u>, forming connections previously not perceived. Kindred forms of resonance may exist, between individual <u>verses</u>, in their patterns of rhyme or rhythm.

Some forms of poetry are specific to particular <u>cultures</u> and <u>genres</u>, responding to the characteristics of the language in which the poet writes. While readers accustomed to identifying poetry with <u>Dante</u>, <u>Goethe</u>, <u>Mickiewicz</u> and <u>Rumi</u> may think of it as being written in <u>lines</u> based upon <u>rhyme</u> and regular <u>meter</u>, there are traditions, such as <u>Biblical poetry</u>, that use other approaches to achieve rhythm and <u>euphony</u>. Much of modern British and American poetry is to some extent a critique of poetic tradition,^[5] playing with and testing (among other things) the principle of euphony itself, to the extent that sometimes it deliberately does not rhyme or keep to set rhythms at all.^{[6][7][8]} In today's <u>globalized</u> world poets often borrow styles, techniques and forms from diverse cultures and languages. **Copied from Wikipedia**

Rotoract Disctrict Conference

WE WART YOU

By Krissie Bredin of Crosslands Rotaract Club

CALLING OUR ROTARIANS!!!

In just 40 days, 350 Rotaractors from around the world will descend on Sydney Olympic Park for the 7th Asia-Pacific Regional Rotaract Conference. It will be one of the biggest, most exciting events Rotaract has ever seen. The past 18 months as the APRRC Program Director have been a rollercoaster ride, and it is great to be finally on the homestretch. We've pulled together a great program of guest speakers like Ramesh Ferris (Polio survivor and world-renowned activist in the fight against Polio), Glen Gerryn (past QLD Young Australian of the Year) and Sandy Blackburn-Wright (Head of Organisational Mentoring, Sustainability and Community at Westpac) just to name a few.

At the very beginning of planning APRRC Sydney, I set myself several goals to determine the success of the conference. One of these goals was a hope that the event would be run so effectively, that the Rotaractors of our District would have a chance to participate as fully as possible, rather than running the logistical side of things and missing out on the content of the program. And this is where you, our Rotarians, come in!

We are looking to create **a team of volunteers** to help run the conference each day so that our local Rotaractors can reap the full benefits of being a delegate at an international conference. The table below shows the different roles that we need assistance with on each day of the conference. Whether available for a few hours, a whole day or the whole conference – there is a job that is just right for you. This is a chance for Rotarians to get involved with one of the biggest Rotaract events in the world!

BEFORE OR AFTER APRRC Volunteer to host a delegate in your home

SUNDAY 28TH NOVEMBER Day Manager (Morning Only) Audio-Visual Manager Breakfast Team (ht) Checkout Marshall at Hotel Mandarin Speaker Commentators for Bus Tour around the sights of Sydney

To volunteer or to find out more, contact Krissie at volunteers@aprrc2010.org or 0425 207 098.

In your email, please mention what day/s you are available, and if you have a preferred job you'd like to help with. Alternatively, if your Club would be interested in sponsoring the cost of one of our guest speakers (ranging from \$200 to \$500), please let me know! Thank you in advance for any support you are able to give.

APRRC Sydney will be the BEST CONFERENCE EVER! D9680 Rotaract will make you proud! We promise!

Day passes to attend APRRC are also available to Rotarians and Youth Exchange Students. For more information, contact Kristin at <u>registration@aprrc2010.org</u>. Please share all this info with your Club!

An apology for the next week may be entered after 5pm. If you do not apologise for non-attendance the Club must pay for your meal and you will be asked to reimburse the Club.

The 'Koongga' Message Stick

The Emblem of the Rotary Club Of Ku-ring-gai

It is appropriate that the emblem of the Rotary Club of Ku-ring-gai should be the "KOONGGA", which is a message stick used by the Australian Aborigines. The pattern of markings burnt into the surface of a "Koongga" is not a form of writing. The bearer delivers the message orally and the "Koongga" is a guarantee that he is telling the truth.

Bearers of message sticks sometimes travelled long distances, often through the territories of hostile tribes. The messages they delivered were to arrange a corroboree, a trade meeting, exchange of information and other tribal matters.

The colours and symbols on a "Koongga" vary with each tribe. The ones chosen by the Rotary Club of Ku-ring- gai and incorporated into our banner are representative of the tribes that lived in the Ku-ring-gai area many years ago. Additionally, the Banner of the Rotary club of Ku-ring-gai bids to all who receive it, a friendly "Karltandi", a friendly welcome. Indeed, the Club's "Koongga" and "Karltandi", banner reflect in their own unique way, the ideal of "Rotarians united in service, dedicated in Peace".
