## The One Man Rotary Club!

### Vision, energy, creativity and a desire to serve.

Graham Bradshaw is a Director with Transport for NSW. That's his day job. In his own time he makes a huge contribution to our community by "repurposing" assets which have reached the end of their economic life in state departments.

An old bus? Now used to take previously unemployed people from their home 70 kilometres away, to work in an abattoir. Their first job; now possible, with transport!

An old bus? It's dry inside and weatherproof so now it's a homeless shelter. Much better for people down on their luck than living on the street!

A train carriage? Hundreds of computers? Hospital beds? Desks? Chairs?

Graham's challenge is to find useful ways to apply these assets in our community rather than simply break them up or dump them.

What can we think of? What can we do as a Club or as a District?

Time for some creative thinking!

## Reminder

No meeting on Monday. BOBBO Presentation at Pymble Golf Club Wednesday 29th. 6.30 for 7.00

## Woolies Earn and Learn

This promotion is on again.

Clarke Road School would appreciate your help.

If you shop at Woolworths could you please ask for the Earn and Learn stickers each time you shop and give them to Anne Maslen or Joy. Could you please ask your friends to do the same? Clarke Road has only a few families to collect stickers, so any help we can give is very valuable.

### Next meeting, Monday 3 June

Well worth 3 minutes of your time. One of the driving forces behind this community project is Fiona Jenkins, our Assistant Governor. She will join us to update us on the expansion of the programme, which becomes more relevant every week.
