Hello from Neil Tuffley

Neil is still a happy reader of the Koongga and asked me to pass on his regards to members

Rasma Andrejewskis

Yet again a members 10 on me was very interesting and informative.

I don't think any members were aware Rasma Represented Australia in Karate for 2 years. Well done Rasma.

She has had a diverse life and work experience including assisting with the design of Westmead Hospital and working in London for 2 years and always around IRA bombs. (over)

Rasma Andrejewskis Continued

She then moved to the Central Coast and later to the San Hospital. Her speciality is Pediatrics and Trauma

Then to Wagga Wagga for 2 years working with defence and loved working in that vocation.

Rasma loves medicine and hopes to train at end of the year. When she completes medicine she would return to the Defence Force.

Private medicine is about the bottom line. Defence says why? and in most cases she got what she wanted. It is a positive environment and they have the money to do what is needed.

There was a uniform/civilian culture and she helped to overcome the barrier. At the time there was not a good team effort and she assisted to overcome the hurdle. She also loved the country life.

She likes to be stimulated and always likes a challenge.

She said, you get from life what you put into it.

10 On Me Michael Midlam

Michael had a hard act to follow coming after Rasma and we soon found we had another interesting member.

Michael arrived in Australia in 1971 from the USA and found a different country which he loved. Michael was in the Movie business.

Got work within first two weeks first Spyforce 7am start 10 pm finish 17.50 per day no overtime.

The Industry was figuring out how to do things. Once unions got into the picture it was amazing how more efficient things became. Jobs that previously took 2 long days were now done in less then a day.

.He Worked as boom op, sound recordist, (almost went into sound) second assistant director first assistant, production manager production supervisor procurer and some direction. Also worked in special effects for a couple of years. Anyone who wants to know what all the different people on a crew do, will be happy to discuss after.

My career can probably be summed up as MISSED IT BY THAT MUCH - on one occasions he was given a draft to read and cost for production. He liked the draf, worked on it all weekend for the Monday meeting, recommended the movie and then it went to the vote—

10 On Me Michael Midlam (continued)

Michael lost the vote 4 to his 1 vote. The movie he had just lost became Crocodile Dundee.

BABE Did screen tests got offered another job

SKIPPY Original over 100 eps plus a movie bad guy from states

JEOPARDY Longest running continua's TV show.

Why ask as questions. Put up against the news.

On another occasion he was working on the 30th episode of Skippy and Kerry Packer appointed a new manager who closed it down in his first week.

Michael always worked freelance which is very up and down, but exciting. As you get older, jobs harder are to come by and he had more requirement for steady income.

Rotary Foundation Thought for The Week

. 39) This week's Rotary Foundation Thought is about Ambassadorial Scholar Alumni.

Rotary Foundation Ambassadorial Scholar 2009-10, South African Damian Lahoud is deeply concerned about the welfare of AIDS orphans in his country.

"The number is steadily rising, and within a few short years there will be close to three million," says Lahoud. "The difficult task of raising these children has fallen to the goGoGetters [a South African term for grandmother]. These goGos might not be related to the children, but they have taken it upon themselves to look after [them], most taking care of up to 20 at a time. They provide protection and support and encourage these children to go to school."

The plight of AIDS orphans led Lahoud to carry out a fundraising project during his scholarship year at Linköping University in Sweden. The project's main goals were to increase awareness of AIDS in South Africa and the goGoGetters' role and to raise funds to help his sponsor, the Rotary Club of Knysna, support goGoGetters in the local community.

The university's students have a tradition of wearing overalls that display patches of various gatherings they have attended. Lahoud's fundraiser netted US\$6,000 through the sale of special AIDS awareness "ImPATCHits" for about \$2.75 each.

"I spent time on campus selling patches and promoting the project at Rotary clubs throughout Sweden, selling African beadwork ribbons to Rotarians," Lahoud says. "A single patch can go a long way by helping one child for one month!"
